

Glen Leslie Cemetery

By Wanda Zenner – July 2022

The flowers at the Glen Leslie Cemetery are in full bloom and looking beautiful. The flowers donated by Fenton's Greenhouse that are maintained by Evelyn Ingraham in the Ingraham Meditation Area, are spectacular as usual.

Neil and Betty McLaughlin's plots had been planted with flowers that are now showing off their brilliant colors.

Over the years, peonies have been planted on several plots and they are blooming now as well. Stop by and see all the beautiful colours interspersed in the well-maintained Cemetery.
