

GLEN LESLIE CHURCH & CEMETERY NEWS

The “Grant Moon Appreciation Bench” at the Glen Leslie Cemetery has had a new plaque installed. The bench dates back to 2012; however, since that time, the direct sunlight has faded the centre plaque to the point where it was becoming hard to read.

The new plaque is made out of bronze material with raised lettering so it should last a very long time providing Mr. Moon with the recognition he deserves.

We cannot thank our volunteers enough. Without them, small community groups would not survive.

Volunteers do not necessarily have the time; they just have the heart – Elizabeth Andrew
